STAT.

The contents of your letter of 30 June 1950 have been noted with interest.

Your suggestion that you be sent to Norway as a representative of this agency has again been examined, in the light of many considerations of which you naturally are unaware. Your offer of services is greatly appreciated, but it is frankly not practicable to take advantage of your proposal at this time. Should the opportunity to avail ourselves of your services arise in the future, we shall, of course, communicate with you.

Please believe that the problems with which you are so greatly concerned are under careful consideration here, and that adequate measures to keep the Government informed on these matters are being taken.

Very sincerely yours,
